# About Joe

GUIDING TEAM USA  
AND INSPIRING BEYOND  
THE GAME

Joe Delagrave is a **Paralympic medalist, world champion, elite coach, and sought-after keynote speaker** whose work centers on resilience, leadership, and navigating change.

At age 19, Joe's life changed forever when a boating accident left him paralyzed. A collegiate football player at Winona State University, he was forced to reimagine his future—ultimately discovering wheelchair rugby and a new path forward.

Joe became a two-time Paralympian, Paralympic medalist, and World Champion, and is the only wheelchair rugby athlete to be named U.S. Quad Rugby Association Athlete of the Year twice. After retiring from competition, he transitioned into coaching and **now serves as head coach of USA Wheelchair Rugby**, leading Team USA to podium finishes at the highest international level, including a silver medal at the Paris Paralympic Games.

Beyond sport, Joe brings **uncommon depth** and humor to the stage as a professional counselor with a background in consulting. His keynotes blend lived experience with practical frameworks for **resilience, mindset, and leadership**. He lives in Nashville with his wife, April, and their three children.
